

Sprint® 5000 and 3000 Series Systems

Sprint bookletmakers produce crisp, professional-looking booklets while greatly reducing your document finishing costs.

The high performance Sprint 5000 or the affordable 3000 is the perfect choice for any budget-minded copy or print shop, church or other organization.

Sprint 5000 Bookletmaker Features

- Heavy-duty staple clinchers produce an accurate "flat finish" staple.
- Produces professional-looking reports, manuals and booklets up to 88 pages.
- Easy adjustments to change from one booklet size to another.
- Corner, side and saddle stapling on-line.
- Five stapling positions, including one for true corner stapling.
- 5000 staple cartridge makes reloading infrequent for increased efficiency.
- Automatic stop and signal light when out of staples.
- Bypass to skip fold rollers for side or corner stapling.
- On-line bookletmaking option with Maxxum® 6 and 10 bin models or other popular vertical collators.

Sprint 3000 Bookletmaker Features

- Jogs, staples and folds in one easy operation.
- Variable speed up to 1,500 booklets per hour.
- 25 sheet capacity for making 100-page booklets off-line.
- Easy adjustments to change from one booklet size to another.
- Side guides are set one inch wider than the paper to speed the loading process.
- While one booklet is folding, the next is stapled.
- Heavy-duty casters for easy mobility.
- Interfaces with Maxxum 6 and 10 bin models, as well as other popular vertical collators.

Built-in conveyor / stacker folds away for space-saving storage on both models.

Sprint 3000 is the ideal choice for producing booklets on a budget.

Sprint[®] 5000 and 3000 Series Systems

Affordable Sprint document finishing systems produce a wide variety of booklets quickly and easily.

Running on-line, the Sprint 5000 links electronically with the Maxxum[®] 10 and other popular collators to efficiently produce booklets in a variety of stapling configurations.

SPRINT[®]

Sprint 5000 and 3000 System Features

- Model 5000 and 3000 bookletmakers interface with Maxxum 6 or 10 bin models and other popular vertical collators.
- When running on-line with Maxxum collators, if either unit stops, the entire system stops automatically.
