Reach New Productivity Levels

Increase productivity throughout the business.

- Everyone in your business benefits from the efficiency of the KONICA MINOLTA PagePro 9100 N network laser printer.
- From built-in electronic document collation for your sales team to razor-sharp 1200 x 1200 dpi resolution for your marketing group to its low price for your finance department, the PagePro 9100 N provides the best investment you can make in network printing productivity.
- PageScope™ management makes it easy for network administrators to keep track of printer usage and network settings.

Business Basics

The laser printing solution for all document types.

- At 35 pages per minute and supporting media up to 11" x 17", the PagePro 9100 N delivers the right combination of print speed and page sizes, for all needs.
- The PagePro 9100 includes a 10/100BaseTX Ethernet interface, providing seamless access to everyone on the team.

- The PagePro 9100 N has a paper capacity of up to 2,200 sheets and includes a multi-purpose tray for printing labels, envelopes, postcards, transparencies, and heavier paper stocks.

Performance a Step Ahead

A network printer that works harder than you do.

- A 250 MHz MIPS RISC R5000 CPU powers Crown® III multitasking. While the PagePro 9100 N prints one document, it continues processing others.

- Five, ten, or even one hundred sets of that report without leaving your desk? Electronic collation makes multiple document set production effortless.
- CrownView™ provides all of the information you need about the printer right from your desktop through your favorite web browser.

Quality and Reliability

The department printer you can depend on.

- Full media jam recovery—even for different documents from different people—provides easy, unattended printing.
- High-resolution 1200 x 1200 dpi printing delivers crisp type, smooth images, and fine lines.
- The PagePro 9100 N is strong enough for up to 150,000 prints per month in just about any type of network environment.
- The PagePro 9100 N is backed by 5 years of free, rapid-response, US-based technical support.
